Dear Mr. McBride:

On March 9, 2006, the Department of Environmental Services, Waste Management Division ("DES") conducted an inspection of Boston Analytical, Inc. ("Boston") in Salem, NH. The purpose of the inspection was to determine Boston's compliance status relative to RSA Ch. 147-A and the New Hampshire Hazardous Waste Rules, Env-Wm 100-1100.

As a result of the inspection, Boston was issued Letter of Deficiency No. WMD 06-007 (the "LOD"). Based upon a review of Boston's submittals received since the inspection, DES has determined that Boston has corrected the deficiencies identified in the LOD.

Please be advised that DES will continue to monitor Boston's compliance status through record reviews and on-site inspections.

If you have any questions regarding this letter, please contact the lead inspector, Tammy Calligandes or me at (603) 271-2942. Thank you for your cooperation.

Sincerely,
